

ROHIT MANDAL

B.Tech CSE (AI & ML) Student

+919474360697 ✉ rohitmandal0804@gmail.com 🌐 rohitmandal2004 🌐 mandal-rohit 📍 Basirhat, India

PROFESSIONAL SUMMARY

Software Engineering undergraduate focused on building user-centric and scalable web applications. Experienced with **Node.js** and **NestJS** for backend, and **React** and **Next.js** for frontend. Familiar with **REST APIs**, basic real-time features, cloud services, and **Docker**, with a growing interest in building secure and reliable systems. Enjoys collaborating in team environments and committed to writing clean, scalable, and maintainable code.

EDUCATIONS

Brainware University Barasat, West Bengal <i>Bachelor of Technology (B.Tech)</i> B.Tech – CSE (AI & ML)	Sep 2024 - Present CGPA : 9.78/10
Basirhat Town High School (H.S.) Basirhat, West Bengal <i>Higher Secondary (Class XII)</i> Higher Secondary (Class XII)	2020 - 2022 CGPA : 87.6%
Basirhat Town High School (H.S.) Basirhat, West Bengal <i>Secondary (Class X)</i> Secondary (Class X)	2019 - 2020 CGPA : 84.7%

PROJECTS

Study Flow – Study & Habit Tracking Platform 🌐 Github 🌐 Website <i>Developer</i> - Developed a full-stack productivity web application utilizing the MERN stack, incorporating authentication, task tracking, and habit management. - Created interactive dashboards to manage 50+ daily tasks and habits, improving user productivity tracking with responsive UI components. - Implemented REST APIs, enabled real-time task updates, and integrated MongoDB, reducing data retrieval time and ensuring seamless cross-device accessibility. Technologies Used: MERN, React, Node.js, Express.js, MongoDB, Tailwind CSS Technologies / Tools Used : MERN, Node.js, React, Tailwind CSS, MongoDB, Express	Mar 2026 - Apr 2026
Streamify – Video Streaming Platform 🌐 Github 🌐 Website <i>Developer</i> Designed and developed a full-stack video streaming platform using MongoDB, Express.js, React.js, and Node.js with a modern responsive UI and scalable backend architecture. Implemented secure user authentication, video categorization, search functionality, and optimized content delivery for smooth user experience. Focused on responsive frontend design, REST API integration, and efficient database management for handling streaming content and user interactions. Technologies / Tools Used : MongoDB, Express.js, React.js, Node.js	Nov 2025 - Mar 2026

SKILLS

Databases :	PostgreSQL, MySQL, MongoDB
Frameworks & Libraries :	Bootstrap, React.js, Next.js, Node.js, Express.js, Spring Boot
Languages :	English, Hindi
Programming Languages :	C, C++, Java, Python, JavaScript, HTML, CSS, SQL
Soft Skills :	DSA, OOP, DBMS, Communication
Tools & Platforms :	Git, GitHub, AWS EC2, Docker, Postman, Kubernetes

CERTIFICATIONS

- Artificial Intelligence Fundamentals** | IBM SkillsBuild | Jan 2025
 - Completed foundational training in Artificial Intelligence concepts and applications.
- Prompt Engineering & Programming with OpenAI** | Columbia+ | Aug 2025
 - Completed an online course on prompt engineering and OpenAI-based programming concepts.
- Web Development Course** | Apna College
 - Completed comprehensive training in modern web development technologies and projects.
- Data Structures & Algorithms (DSA)** | Apna College
 - Learned core DSA concepts including arrays, linked lists, stacks, queues, trees, graphs, and sorting algorithms.

ACHIEVEMENTS

Google Gemini Campus Ambassador Promoted Google Gemini and AI tools within the campus community. Organized workshops, events, and awareness sessions on AI and productivity tools. Collaborated with students to encourage learning and innovation in technology. CosmoHack 1.0 – Top 20 Team Achievement SourcifyIN Jan 2026 - Secured a position in the Top 20 teams at CosmoHack 1.0 for innovation and teamwork. Nexathon 1.0 Participation Brainware University Sep 2025 - Participated in Nexathon 1.0 organized by the Department of CSE-AI, showcasing creativity, innovation, and teamwork.	2026
